# Chemical Safety Data Sheet MSDS / SDS

# 4,4'-DICHLORO-ALPHA-METHYLBENZHYDROL

Revision Date:2024-12-21 Revision Number:1

# SECTION 1: Identification of the substance/mixture and of the company/undertaking

# **Product identifier**

| Product name  | : 4,4'-DICHLORO-ALPHA-METHYLBENZHYDROL   |  |
|---|--|--|
| CBnumber  | : CB1149298  |  |
| CAS   | : 80-06-8  |  |
| EINECS Number   | : 201-246-3  |  |
| Synonyms  | : DCPE,DCPC  |  |
| Relevant identified uses of the substance or mixture and uses advised against |  |  |
| Relevant identified uses  | : For R&D use only. Not for medicinal, household or other use.                       |  |
| Uses advised against  | : none   |  |
| Company Identification  |  |  |
| Company   | : Chemicalbook   |  |
| Address   | : Building 1, Huihuang International, Shangdi 10th Street, Haidian District, Beijing |  |
|   |  |  |
| Telephone   | : 010-86108875   |  |

# SECTION 2: Hazards identification

# Classification of the substance or mixture

Acute toxicity - Category 4, Oral

Hazardous to the aquatic environment, long-term (Chronic) - Category Chronic 2

# Label elements

# Pictogram(s)

Signal word

Warning

Hazard statement(s)
H302 Harmful if swallowed
H411 Toxic to aquatic life with long lasting effects
Precautionary statement(s)
P264 Wash hands thoroughly after handling.
P264 Wash skin thouroughly after handling.
P270 Do not eat, drink or smoke when using this product.
P273 Avoid release to the environment.

1

P391 Collect spillage. Hazardous to the aquatic environment

P501 Dispose of contents/container to.....

### Prevention

P264 Wash ... thoroughly after handling.

P270 Do not eat, drink or smoke when using this product.

P273 Avoid release to the environment.

#### Response

P301+P317 IF SWALLOWED: Get medical help.

P330 Rinse mouth.

P391 Collect spillage.

#### Storage

none

#### Disposal

P501 Dispose of contents/container to an appropriate treatment and disposal facility in accordance with applicable laws and regulations, and product characteristics at time of disposal.

# Other hazards

no data available

# SECTION 3: Composition/information on ingredients

### Substance

| Product name | : 4,4'-DICHLORO-ALPHA-METHYLBENZHYDROL |
|--------------|--|
| Synonyms     | : DCPE,DCPC                            |
| CAS          | : 80-06-8                              |
| EC number    | : 201-246-3                            |
| MF           | : C14H12Cl2O                           |
| MW           | : 267.15                               |
|              |  |

# SECTION 4: First aid measures

### Description of first aid measures

### If inhaled

Move the victim into fresh air. If breathing is difficult, give oxygen. If not breathing, give artificial respiration and consult a doctor immediately.

Do not use mouth to mouth resuscitation if the victim ingested or inhaled the chemical.

### Following skin contact

Take off contaminated clothing immediately. Wash off with soap and plenty of water. Consult a doctor.

### Following eye contact

Rinse with pure water for at least 15 minutes. Consult a doctor.

### Following ingestion

Rinse mouth with water. Do not induce vomiting. Never give anything by mouth to an unconscious person. Call a doctor or Poison Control

Center immediately.

### Most important symptoms and effects, both acute and delayed

no data available

#### Indication of any immediate medical attention and special treatment needed

Treatment is symptomatic and supportive. Oils should not be used as either cathartics or dermal cleansing agents, as they increase absorption. Gastric lavage and use of activated charcoal and sodium sulfate are indicated for ingestion. If dermal exposure occurred, contaminated clothes should be removed, and the skin should be thoroughly cleansed with soap and water. Management of seizures in both children and adults is with Valium or phenobarbital. Respiratory depression and even respiratory arrest, especially with concomitant use of Valium and phenobarbital in children, may occur. These drugs preferably should be used only in critical care areas where emergency endotracheal intubation can be performed. /It is recommended/ that epinephrine not be utilized in patients with organochlorine poisoning, as the organochlorines induce myocardial irritability and ventricular arrhythmias may occur. However, dopamine may be necessary in the event of hypotension unresponsive to fluid administration, and epinephrine may be necessary in the event of cardiopulmonary arrest. Organochlorine insecticides

# **SECTION 5: Firefighting measures**

### **Extinguishing media**

If material on fire or involved in fire: Extinguish fire using agent suitable for type of surrounding fire (material itself does not burn or burns with difficulty). Use water in flooding quantities as fog. Use "alcohol" foam, carbon dioxide, or dry chemical. Wear self-contained breathing apparatus when fighting fires involving this material. Organochlorine pesticide, solid, nos (compounds and preparations) (agricultural insecticides, nec, other than liquid)

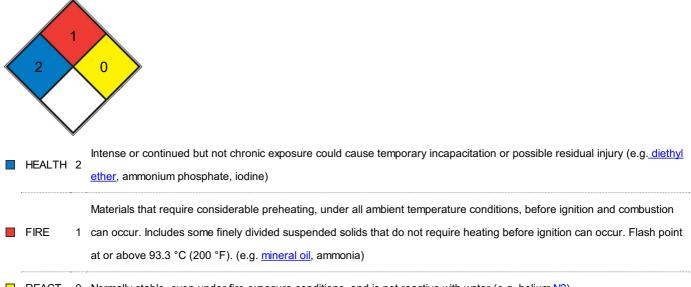

### Specific Hazards Arising from the Chemical

no data available

### Advice for firefighters

Wear self-contained breathing apparatus for firefighting if necessary.

### **NFPA 704**

# SECTION 6: Accidental release measures

# Personal precautions, protective equipment and emergency procedures

Avoid dust formation. Avoid breathing mist, gas or vapours. Avoid contacting with skin and eye. Use personal protective equipment. Wear chemical impermeable gloves. Ensure adequate ventilation. Remove all sources of ignition. Evacuate personnel to safe areas. Keep people away from and upwind of spill/leak.

# **Environmental precautions**

Prevent further spillage or leakage if it is safe to do so. Do not let the chemical enter drains. Discharge into the environment must be avoided.

# Methods and materials for containment and cleaning up

In case of damage to, or leaking from containers of the material contact the pesticide safety team network. Telephone; (800) 424-9300. Organochlorine pesticide, ... (compounds and preparations) (agricultural insecticides, nec, other than liquid)

# SECTION 7: Handling and storage

### Precautions for safe handling

Handling in a well ventilated place. Wear suitable protective clothing. Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Use non-sparking tools. Prevent fire caused by electrostatic discharge steam.

### Conditions for safe storage, including any incompatibilities

Store the container tightly closed in a dry, cool and well-ventilated place. Store apart from foodstuff containers or incompatible materials.

# SECTION 8: Exposure controls/personal protection

### **Control parameters**

#### **Occupational Exposure limit values**

no data available

# Biological limit values

no data available

# **Exposure controls**

Ensure adequate ventilation. Handle in accordance with good industrial hygiene and safety practice. Set up emergency exits and the riskelimination area.

### Individual protection measures

### Eye/face protection

Wear tightly fitting safety goggles with side-shields conforming to EN 166(EU) or NIOSH (US).

#### Skin protection

Wear fire/flame resistant and impervious clothing. Handle with gloves. Gloves must be inspected prior to use. Wash and dry hands. The

selected protective gloves have to satisfy the specifications of EU Directive 89/686/EEC and the standard EN 374 derived from it.

### **Respiratory protection**

If the exposure limits are exceeded, irritation or other symptoms are experienced, use a full-face respirator.

# Thermal hazards

no data available

# SECTION 9: Physical and chemical properties

# Information on basic physicochemical properties

| Physical state                             | white to very light yellow crystalline powder        |
|--|--|
| Colour                                     | Crystals from pet ether                              |
| Odour                                      | no data available                                    |
| Melting point/freezing point               | 69-71°C  |
| Boiling point or initial boiling point and | no data available                                    |
| boiling range                              |  |
| Flammability                               | no data available                                    |
| Lower and upper explosion                  | no data available                                    |
| limit/flammability limit                   |  |
| Flash point                                | no data available                                    |
| Auto-ignition temperature                  | no data available                                    |
| Decomposition temperature                  | no data available                                    |
| рН   | no data available                                    |
| Kinematic viscosity                        | no data available                                    |
| Solubility                                 | Sol in ether and benzene; insol in water and alcohol |
| Partition coefficient n-octanol/water      | log Kow = 4.45 /Estimated/                           |
| Vapour pressure                            | 5.4X10-7 mm Hg @ 25 deg C /Estimated/                |
| Density and/or relative density            | no data available                                    |
| Relative vapour density                    | no data available                                    |
| Particle characteristics                   | no data available                                    |
|  |  |

# SECTION 10: Stability and reactivity

# Reactivity

no data available

# **Chemical stability**

Stable to alkali but may be decomposed by acids.

# Possibility of hazardous reactions

no data available

# Conditions to avoid

no data available

## Incompatible materials

no data available

# Hazardous decomposition products

no data available

# SECTION 11: Toxicological information

# Acute toxicity

- Oral: no data available
- Inhalation: no data available
- Dermal: no data available

# Skin corrosion/irritation

no data available

# Serious eye damage/irritation

no data available

# Respiratory or skin sensitization

no data available

# Germ cell mutagenicity

no data available

# Carcinogenicity

no data available

# **Reproductive toxicity**

no data available

# STOT-single exposure

no data available

# STOT-repeated exposure

no data available

# Aspiration hazard

no data available

# SECTION 12: Ecological information

# Toxicity

Toxicity to fish: LC50 Pimephales promelas (Fathead minnow, weight 1.2 g) 1.4 mg/L/96 hr at 18 deg C, (95% confidence limit 1.0-2.1 mg/L) Toxicity to daphnia and other aquatic invertebrates: EC50 Daphnia magna (Water flea; intoxication, immobilization) 0.27 mg/L/48 hr; static Toxicity to algae: no data available

Toxicity to microorganisms: no data available

# Persistence and degradability

no data available

# **Bioaccumulative potential**

no data available

### Mobility in soil

no data available

# Other adverse effects

no data available

# **SECTION 13: Disposal considerations**

#### **Disposal methods**

#### Product

The material can be disposed of by removal to a licensed chemical destruction plant or by controlled incineration with flue gas scrubbing. Do not contaminate water, foodstuffs, feed or seed by storage or disposal. Do not discharge to sewer systems.

#### Contaminated packaging

Containers can be triply rinsed (or equivalent) and offered for recycling or reconditioning. Alternatively, the packaging can be punctured to make it unusable for other purposes and then be disposed of in a sanitary landfill. Controlled incineration with flue gas scrubbing is possible for combustible packaging materials.

# SECTION 14: Transport information

#### **UN Number**

ADR/RID: Not dangerous goods. (For reference only, please check.) IMDG: Not dangerous goods. (For reference only, please check.) IATA: Not dangerous goods. (For reference only, please check.)

# **UN Proper Shipping Name**

ADR/RID: Not dangerous goods. (For reference only, please check.)

IMDG: Not dangerous goods. (For reference only, please check.)

IATA: Not dangerous goods. (For reference only, please check.)

# Transport hazard class(es)

ADR/RID: Not dangerous goods. (For reference only, please check.) IMDG: Not dangerous goods. (For reference only, please check.) IATA: Not dangerous goods. (For reference only, please check.)

# Packing group, if applicable

ADR/RID: Not dangerous goods. (For reference only, please check.) IMDG: Not dangerous goods. (For reference only, please check.) IATA: Not dangerous goods. (For reference only, please check.)

# **Environmental hazards**

ADR/RID: Yes IMDG: Yes IATA: Yes

### Special precautions for user

no data available

# Transport in bulk according to IMO instruments

no data available

# **SECTION 15: Regulatory information**

# Safety, health and environmental regulations specific for the product in question

# **European Inventory of Existing Commercial Chemical Substances (EINECS)** Listed. **EC** Inventory Listed. United States Toxic Substances Control Act (TSCA) Inventory Not Listed. China Catalog of Hazardous chemicals 2015 Not Listed. New Zealand Inventory of Chemicals (NZIoC) Not Listed. PICCS Not Listed. **Vietnam National Chemical Inventory** Not Listed. IECSC Not Listed. Korea Existing Chemicals List (KECL) Not Listed. Chemical Book

# **SECTION 16: Other information**

# Abbreviations and acronyms

CAS: Chemical Abstracts Service

ADR: European Agreement concerning the International Carriage of Dangerous Goods by Road

RID: Regulation concerning the International Carriage of Dangerous Goods by Rail

IMDG: International Maritime Dangerous Goods

IATA: International Air Transportation Association

TWA: Time Weighted Average

STEL: Short term exposure limit

LC50: Lethal Concentration 50%

LD50: Lethal Dose 50%

EC50: Effective Concentration 50%
